## DETAILED ACTION

### ***Response to Arguments***

The applicant's amendment filed 4-1-05 overcomes the examiner's prior art rejection. **Hence, claims 1-21 and 23 are allowed.**

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance:

1. The independent claims recite novel material based on their highly specific designs along with the requirements that "a connection is made only if the vending machine has product to dispense" AND "outputting an audible message for use in selecting the product from the vending machine, the audible message comprising a menu, receiving at the retrieving device information indicating that the product has been selected following output of the audible message".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
